The War Against Halahkah

In 1984, an Orthodox Rabbi in the London Borough of Barnet had his four children taken from him by the "Social Services", commonly referred to as the SS, (and with good reason). After being fostered initially by relatives, they were subsequently removed and placed with unrelated foster parents. Why? This is a total mystery. The only "crime" this Rabbi had committed was that his wife had died, and he can hardly be blamed for that. His children were removed from him immediately after the funeral. A psychiatrist who later visited him, interviewed him for five minutes then pronounced him to be "mad". Yet this Rabbi is not only a respected member of his community, but a religious instructor, a tireless charity worker, and a successful businessman.

The neighbouring London Borough of Brent, which like Barnet has a large Jewish population, is one of the most "left wing" boroughs in the country, and has for many years operated an "equal opportunities policy". Left wing or right wing, under pressure from "civil liberties" groups, all local authorities throughout the country are now under such an obligation. Fair enough you might say, why should someone be denied a job because he is black, Catholic, or even Jewish? Jews in particular have painful memories of the times when they suffered from unnecessary and often hurtful discrimination and persecution. But we are not talking here about Nazi Germany or about the right to earn a living. The "equal opportunities policy" is now to apply to fostering children, and is to be operated without regard to race, colour, creed,

or SEXUAL ORIENTATION

This means that in theory at any rate, the SS can take children away from an Orthodox Jewish family and foster them out to homosexuals. In other words, sodomites.

The *Talmud* and homosexuality

Sanhedrin

MISHNAH. HE WHO COMMITS SODOMY WITH A MALE OR A BEAST, AND A WOMAN THAT COMMITS BESTIALITY ARE STONED.

Gemara: *"There shall be no sodomite of the sons of Israel..."*

These pronouncements from the *Talmud* may sound harsh today, but when one considers the disgusting practices sodomites engage in, one can only sympathise with the early Hebrews, who were after all living at a time when an epidemic (like AIDS) could wipe out most of the population. And consider the following description of homosexual practices:

"Alex, on the other hand, does not fast before going to the bath. He takes repeated enemas until the lower bowel tract is clean. During sex, Alex likes to switch between oral and anal sodomy without stopping to clean off, thus requiring the absence of any contaminating fecal matter. Tony C. pointed out...that anyone into the anal scene, whether rimming, anal intercourse, or fist-f***g, has to have taken adequate preparations to be clean [sic]. The first sign of fecal matter suspends all interaction."**

The above quote is taken from page 142 of *The Silent Community: Public Homosexual Encounters*, by Edward William Delph, published by Sage Publications, (1978), as is the following.

The author, who researched his book by following sodomites around the subways and toilets of New York City, found that not everyone takes exception to fecal matter. Graffiti, such as "Slave needs master, especially dig st, p**s, c**k-b**l-t*t torture, humiliation, dog-training etc.", plastered the walls in one homosexual establishment.**

New York of course has a very large Jewish population. Do you really want your children to be exposed to this sort of filth, which the corrupt media describe as *gay*? Bear in mind also that this book describes the homosexual "scene" fifteen years ago. The moral climate has deteriorated significantly since then.

We would not for one minute in this *liberated* age suggest that homosexuals should not have the right to engage in such practices, however disgusting. But we do insist both that it is done behind closed doors out of view of the public, and that a virtue is not made of sin.

AND THAT OUR CHILDREN ARE NOT EXPOSED TO THIS SORT OF FILTH.

Why the Jews?

This is the question which has been on everyone's lips for the past two thousand years. Why the Jews? The answer is not any of the "Christ-killers" or other anti-Semitic nonsense, but is far more prosaic than that. The Jewish religion, the Mother of all religions, provided the basis for our system of moral codes and laws. It is this which is under attack by the "trendy lefties", the porn pushers and the media masters. In other words, it is not just the Jews, but anyone who upholds traditional family values. And indeed, we can see this everywhere in the breakdown of the extended family, rising crime and delinquency (especially but not exclusively) among black youths, the high divorce rate among Christians, the subversion of the Church of England and so on.

And they are stepping up their propaganda. A programme shown on BBC TV on 14th February this year accused the tabloid press of fostering "prejudice" against *gays*. Is it any wonder that television has been condemned by all leading Orthodox Rabbinic authorities as an abomination and *treifeh?* The same programme also revealed that in January, Hampshire County Council announced that it would in future consider *gays* as foster parents. The entire programme had a sickening pro-homosexual bias. The children who took part in it had obviously been carefully schooled. Why should it [homosexuality] matter, they asked? What a child needs and wants is two loving parents. Call this whatever you like, but not *love*.

Thankfully, Timothy Yeo MP, Under Secretary of State for Health, was very unenthusiastic. But it is only a matter of time before the perverts get their way. Although the Jewish community is well-represented in Parliament, (there are over seventy Jewish MPs), they, like almost everyone else, seem to have been paralysed by this sick, pro-homo propaganda.
